Re: Letter of Reference for Creative Transportation Solutions

The City of Surrey retained Creative Transportation Solutions (CTS) to undertake the 2013/2014 Automatic Traffic Recorder count program, one of the largest count programs in the City's history. CTS provided the City with outstanding service, delivering the data on time and under budget.

CTS provided the City with regular updates on the project status and budget, advised us weekly of forthcoming count locations, and were quick to respond to any new requests or concerns raised by the public. The data was provided in an easy to read and ready to use format. CTS utilised their staff of experienced traffic engineers to review the data to ensure quality and accuracy.

I have no hesitation in recommending CTS to anyone looking for high quality, cost effective, and timely data collection services.

If you have any questions, please feel free to contact me at (604) 598-7954 or by e-mail at SMTPetrovic@surrey.ca.

Yours truly,
